Please note that the recorded weightings are the weighting of assessments with the course only.

Students must meet the minimum pass grade (60%) or more for an assessment to count towards their final grade. A schedule for exams taken in the exam block will be issued the week before study week.

Disclaimer: This summary is prepared as an aid to student time management. Students should check with the course tutors to confirm assessment dates and weightings are recorded correctly (in the first instance) and have not been changed since they were first set.
